Subject —

In forwarding herewith the file of correspondence ending with Kankanhalli Municipal President's report No M C 129/36-37 dated the 3rd May 1937 relating to the employment of an Assistant Sanitary Inspector to the Municipal Council, I have the honour to state that the Municipal Council of Kankanhalli has no executive subordinate to look after the sanitation and public works of the town The Municipal clerk is sometimes entrusted with these works as well as with the work of distraining the properties of defaulters for arrears of dues

It is quite essential to have an out-door Officer to manage these works efficiently The Municipal Council at their meeting held on 30-4-1937 have resolved to entertain an Assistant Sanitary Inspector for the said works The average income of the Municipal Council is less than Rs 10,000/- per annum

I request you to kindly obtain sanction of Government to allow the Municipal Council to employ an Assistant Sanitary Inspector as directed in G O No L 8891-8902/ 1 199-35-5 dated 20-5-1936

I have the honour to be,

OFFICE OF THE PRESIDENT,
TOWN MUNICIPAL COUNCIL.

Dated, Kankanhalli, the 4th February 1937.

From

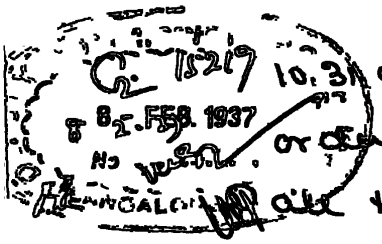
THE PRESIDENT,
Town Municipal Council,
KANKANHALLI

To

The Deputy Commissioner,
Bangalore District.
Bangalore

SIR,

I beg to state that there is provision in the Sanctioned Budget for 36-37 at Rs 35/- per mensum to entertain a Sanitary Inspector for this municipality to attend for Sanitation and other Executive works of the municipality



The Director of Health in his letter no C. 15217/10.31 dated 4-12-35 states that as per Government order no dated 4-12-35 all the municipalities with an income of over Rs 7000/- per annum should engage the services of a Sanitary Inspector

This is a municipality with an annual income of over Rs 7000/- and there is at present only a conservancy staff under this municipality to supervise the Sanitation work and there are no other executive hands for attending to these duties, and it is rather difficult to get satisfactory work turned out by only this hand as the area of the municipality fairly

big

I therefore request you to kindly arrange
an experienced Sanitary Inspector to be sent
to this municipality at an early date

I beg to remain

Pay and Prospects of Sanitary Inspectors.

Passes orders regarding the —— in the State

READ—

Government Order No. L. 16474-95—Ml 184 16-23, dated the 24th June 1919, sanctioning the revision of the scale of pay and prospects of Sanitary Inspectors in the State and fixing the pay of Sanitary Inspectors at Rs. 30—2—60—5/2—80 per mensem

2. Government Order No. L. 2395-416—L B. 11-21-11, dated the 24th October 1921, sanctioning the grant of high prices allowances, whereby the scale of pay of Sanitary Inspectors was raised to Rs. 35—2—65—5/2—87 per mensem

3. Government Order No. L. 1418-1439—L. B 17-28-87, dated the 15th August 1930, approving of the proposal of the District Board, Kolar, to raise the pay of their Sanitary Inspectors from Rs. 87 to Rs. 100 by biennal increments of Rs. 5.

4. Government Order No. L 790—Ml. 32-21 47, dated the 26th July 1922 and L. 4320-1—Ml 12-31-69 dated the 12th December 1931 and Government Order No. L. 6423-5—Ml 11-32-12, dated the 5th April 1933, fixing the pay of Sanitary Inspectors in the Bangalore and Mysore City Municipalities at Rs. 35—3—80 and Rs. 80—4—100 per mensem.

5 Government Order No. L. 6129-192—Ml. 145-24-52, dated the 19th February 1925, directing among other things that the employees under the Local Bodies should be transferred after they have put in a service of three years under any local body

ORDER No L 4244-65—L B 105-33-15, DATED BANGALORE, THE 17TH DECEMBER 1934

There are at present three different scales of pay for Sanitary Inspectors, *viz*, Rs. 35—3—80, Rs 35—2—65 - 5/2—87 and Rs 80—4—100, the first and the last obtaining in the Mysore and Bangalore City Municipalities, and the second in the District Boards and the Kolar Gold Fields Sanitary Board and some Town Municipalities In some Municipalities (Town and Minor), Sanitary Inspectors have been employed on a lower pay of Rs 30—2—50, etc. On account of the diversity of these grades, it has been difficult to give effect to the Government Order of 19th February 1925 read above in regard to the transfers of the Sanitary Inspectors from one local body to another The position is further complicated as these appointments do not belong to one scale and the local bodies concerned have to be consulted in the case of each transfer

2 Government consider that periodical transfers of Sanitary Inspectors are necessary, as too long a stay of an officer in the same place is not conducive to efficiency and that it is therefore desirable to make arrangements for the regular transfers of the officers The Director of Health, who was consulted, has submitted the following proposals for the consideration of Government —

(i) The posts of Sanitary Inspectors to be grouped into one consolidated list.

(ii) A uniform scale of pay applicable to all Sanitary Inspectors in the State to be adopted and the number in each grade fixed

(iii) Transfers of these officials every five years to be compulsory

(iv) The Director of Health to be given the power to transfer them every five years without consulting the local bodies.

(v) The Director of Health to maintain (i) a service record of Sanitary Inspectors and (ii) a list of qualified men eligible for appointment as Inspectors.

(vi) The disciplinary control over the Sanitary Inspectors to vest in the local bodies concerned, but this is not to prevent the Director of Health from taking any disciplinary action if he considers this necessary in the interests of public service.

(vii) Refresher courses to be prescribed to keep these officials in touch with technical work, and promotions to be subject to their acquitting themselves satisfactorily in such courses.

(viii) For smaller Municipalities, Assistant Sanitary Inspectors on a pay of Rs. 25—1—35 to be appointed

3 Government agree with the Director of Health that with a view to remedy the defects, it is necessary that the Sanitary Inspectors now working under several District Boards and Municipalities and the Kolar Gold Fields Sanitary Board should be brought under one consolidated list and the powers of the Director of Health in regard to appointments of and control over the Sanitary Inspectors should be enlarged They are accordingly pleased to direct that the appointments of Sanitary Inspectors and Assistant Sanitary Inspectors be formed into one provincial cadre and that their pay, whether employed, under the Municipalities or District Boards or the Kolar Gold Fields Sanitary Board be revised and fixed as follows —

	Rs.
Assistant Sanitary Inspectors	25—1—35
Sanitary Inspectors	35—2—55
	Efficiency bar
	Rs 55—4—67

The higher scale of pay obtaining in the two City Municipalities and the Kolar District Board will be personal to the present incumbents.

4 Sanitary Inspectors on the scale now laid down must be employed in all Municipalities with an income of over Rs. ~~7,000~~ 1000 and the District Boards and the Kolar Gold Field Sanitary Board should maintain such number of Sanitary Inspectors as Government may direct from time to time, their number in no case being less than at present In the case of smaller Municipalities with an income below Rs 7,000 per annum, Assistant Sanitary Inspectors may be employed on a pay of Rs 25—1—35 per mensem

5 The Assistant Sanitary Inspectors should have passed the S S L C Examination and should undergo training in Bangalore at their own cost for a period of six months as follows —unless they are qualified from any Sanitary Inspectors' Training School —

Vaccine Institute	1 month.
Public Health Institute	15 days
Vital Statistics	15 days
Health Education	15 days
City Health Week	1 month
Minor Sanitary Engineering	2½ months.

6 The recruitment, promotion, etc., of Sanitary Inspectors and Assistant Sanitary Inspectors will be made by the Director of Health who will maintain the requisite registers in connection therewith The recruitment will be in accordance with the general rules of recruitment, the candidates being appointed from lists issued by the Central Recruitment Board The Director will also transfer the Sanitary Inspectors and Assistant Sanitary Inspectors once in four years after giving intimation of the same to the local bodies Transfers may also be made during the period by him whenever necessary, according to exigencies of service, in consultation with the local bodies concerned The local bodies will have disciplinary control over their Sanitary Inspectors and Assistant Sanitary Inspectors but without prejudice to the general control of the Director of Health who may, in the interests of public service, take disciplinary action whenever necessary

7 The question of prescribing refresher courses for Sanitary Inspectors is separately under the consideration of Government and orders will be issued in the matter in due course

8 The Director of Health is requested to take early action for the transfer of Sanitary Inspectors who have been in the same place for over four years To facilitate the maintenance of a consolidated list of Sanitary Inspectors and Assistant Sanitary Inspectors, the Deputy Commissioners of Districts, the President,

No L 4244-65—L B 105-33-15, DATED 17TH DECEMBER 1934

Mysore City Municipality, the Municipal Commissioner, Bangalore City Municipality, the President of Kolar Gold Field Sanitary Board, and the Presidents of District Boards are requested to furnish to the Director of Health a list of Inspectors and Assistant Inspectors employed under the Municipalities and the District Boards and the Kolar Gold Fields Sanitary Board with their service records
